How it will Work.....

- Payments will be made to the centre based on out-of-pocket expense after CCS has been paid.
- The software provider will apply the credit to each eligible family's account.
- If a parent's CCS changes this will be adjusted accordingly when changed with CCS.
- It will be "guestimated" (guessing what your gap figure will be based on previous CCS payments from the government) and readjusted just like CCS amount is currently.
- The Queensland government will pay the centre in advance so that payments can be made against the parents account every week and then will be reconciled at the end of the quarter (either paid too much or not enough).

How it will Work pg 2...

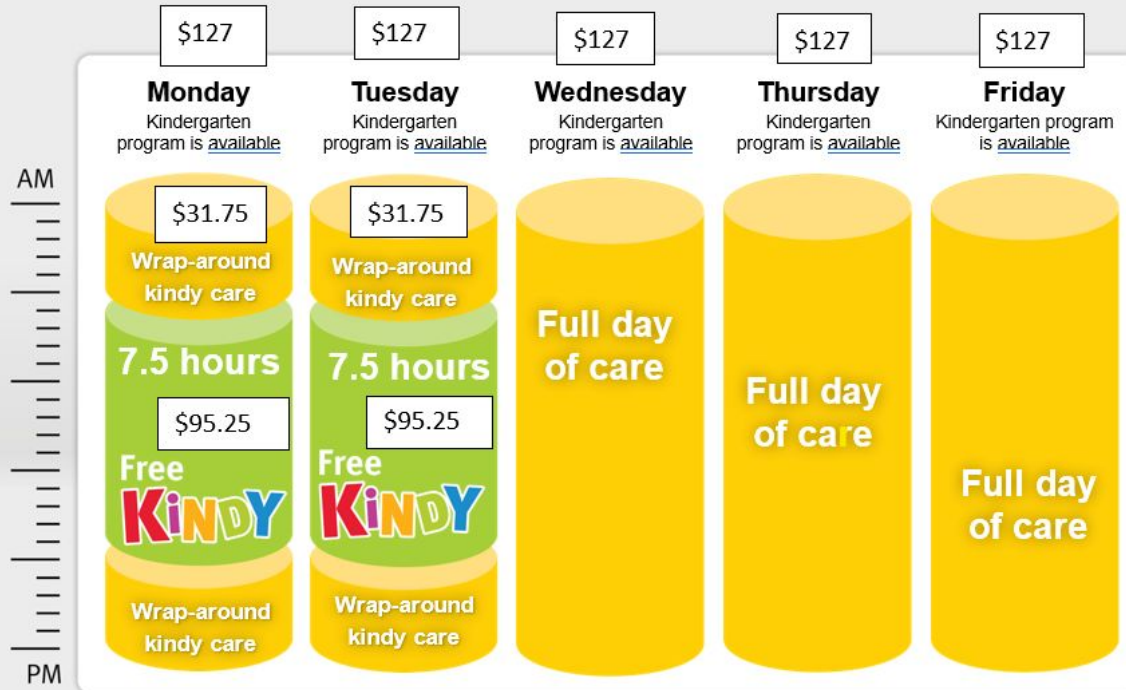

- Payment is only for 40 weeks. Outside of these weeks parents must still pay the Gap.
- CCS % will still apply for the child for the whole year including outside the 40 week of free kindy.
- Free kindy is only for 15hrs per week.
- Even though we employ an ECT for 37.5/38 hrs per week we don't charge any more for your child having access to a qualified ECT for more than 2 days per week.

Long day care example

Kindergarten programs can be provided over two or three days, at a long day care service. Services may have different offerings such as three 5hr days across the week. This example shows kindy split across two days as part of a full week at long day care. This care can be over the first two days of the week the child attends.
